The SaaS Management Platform That Works For You

OPayoneer

E rockcontent

Put SaaS Management on Autopilot With Industry-Leading AI Features and Capabilities

Al Powered Discovery and Mapping

Instantly uncover your entire SaaS stack including Shadow IT—with AI-powered SaaS discovery and mapping. Automatically standardize SaaS data to unlock rich insights, actions, and customizable workflows. Finally, true SaaS visibility.

Al Contract Ingestion

Use Torii's Al Contract Ingestion to eliminate manual data entry. Instantly upload SaaS contracts and all of their line items with a click of a button. Experience seamlessly integrated cost management.

"The Torii Developer Community is a huge asset for Torii customers, and you don't actually have to be a developer to take advantage of it. For smaller IT Teams in particular, the Developer Community is incredibly beneficial in reducing common pain points by providing documentation, resources, and support to help you through the development process. Basically, you don't have to go it alone."

Nathan Vergin Director of IT, AkitaBox

Torii empowers IT pros to solve modern SaaS challenges at their source—from Shadow IT to wasted spend and inefficient processes. Unlike other tools, IT pros rely on Torii to manage their entire SaaS ecosystem, discovering every SaaS app, optimizing SaaS investments, and automating SaaS tasks—all in one place. Our uniquely open platform allows IT to consolidate SaaS systems, tailor Torii to their company's evolving needs, and adopt best practices with ease. Now, IT can stay in the driver's seat while securing their company's sensitive data and empowering every stakeholder with the insights and actions they need.
